HORIZON NORTH LOGISTICS INC.
MANAGEMENT INFORMATION CIRCULAR AND PROXY STATEMENT
FOR THE ANNUAL GENERAL MEETING OF SHAREHOLDERS
TO BE HELD ON MAY 3, 2019

GENERAL

Words importing the singular number, where the context requires, include the plural and vice versa and words importing any gender include all genders. In this Management Information Circular and Proxy Statement ("**Information Circular**"), unless otherwise noted, all dollar amounts are expressed in Canadian dollars. Information contained in this Information Circular is given as of March 15, 2019, unless otherwise stated.

SOLICITATION OF PROXIES

This Information Circular is furnished in connection with the solicitation of proxies by the management of Horizon North Logistics Inc. (the "Corporation" or "Horizon North") for use at the Annual General Meeting (the "Horizon North Meeting") of holders of common shares (the "Common Shares") of the Corporation to be held on the 3rd day of May, 2019 at 9:00 a.m. (Calgary time) in the McMurray Room of the Calgary Petroleum Club, 319 – 5th Avenue SW, Calgary, Alberta, and at any adjournment(s) thereof, for the purposes set forth in the accompanying Notice of Meeting.

Accompanying this Information Circular (and filed with applicable securities regulatory authorities) is the form of Proxy for use at the Horizon North Meeting, by holders of Common Shares.

Proxies will be solicited by mail and may also be solicited personally or by telephone or facsimile by the directors or officers of Horizon North, who will not be specifically remunerated therefore. The cost of solicitation by management of Horizon North will be borne by Horizon North. Horizon North may pay the reasonable costs incurred by persons who are the registered but not beneficial owners of voting securities of Horizon North (such as brokers, dealers, other registrants under applicable securities laws, nominees and/or custodians) in sending or delivering copies of this Information Circular, the Notice of Meeting and Instrument of Proxy to the beneficial owners of such securities. Horizon North will provide, without cost to such persons, upon request to Horizon North, additional copies of the foregoing documents required for this purpose.

Notice-and-Access

The Corporation has elected to use the "notice-and-access" provisions under National Instrument 54-101-*Communication with Beneficial Owners of Securities of a Reporting Issuer* (the "**Notice-and-Access Provisions**") for the Horizon North Meeting in respect of mailings to its shareholders who do not hold their Common Shares in their own name but rather hold their Common Shares indirectly through accounts with such institutions as brokerage firms, banks and trust companies (referred to in this Information Circular as "**Beneficial Shareholders**"). However, the Corporation will not be using the Notice-and-Access Provisions in respect of mailings to its registered holders of Common Shares ("**Registered Shareholders**"). The Notice-and-Access Provisions are a set of rules developed by the Canadian Securities Administrators that reduce the volume of materials that must be physically mailed to shareholders, by allowing a reporting issuer to post an information circular in respect of a meeting of its shareholders and related materials, online.

The Corporation has also elected to use procedures known as 'stratification' in relation to its use of the Notice-and-Access Provisions. Stratification occurs when a reporting issuer using the Notice-and-Access Provisions provides a paper copy of an information circular and, if applicable, a paper copy of financial statements and related management's discussion and analysis ("**Financial Information**") to some shareholders together with a notice of a meeting of its shareholders. In relation to the Horizon North Meeting, Registered Shareholders will receive a paper copy of each of a notice of the Horizon North Meeting, this Information Circular dated March 15, 2019 and a form of proxy, whereas Beneficial Shareholders will receive a Notice-and-Access Notification and a voting instruction form. Furthermore, a paper copy of the Financial Information in respect of the most recently completed financial year of the Corporation has been mailed to Registered Shareholders as well as to those Beneficial Shareholders who have previously requested to receive them.

The Corporation will be delivering proxy-related materials through intermediaries to both non-objecting Beneficial Shareholders and objecting Beneficial Shareholders, and the Corporation intends to pay intermediaries for the delivery of such material.

The Information Circular together with related materials and the above-noted Financial Information have been posted and are available for review on the Corporation's profile on SEDAR at www.sedar.com. The Information Circular, related materials and Financial Information are also available at www.meetingdocuments.com/astca/hnl.

HOW TO OBTAIN PAPER COPIES OF MEETING MATERIALS:

Beneficial shareholders may request that paper copies of the Horizon North Meeting materials be sent to them by contacting AST Trust Company (Canada) at 1-888-433-6443 or fulfillment@astfinancial.com.

In order to allow Beneficial Shareholders a reasonable time to receive paper copies of the Information Circular and related materials by mail and to vote their Common Shares, it is recommended that requests for meeting materials should be received on or before April 19, 2019. However, requests for Horizon North Meeting materials may be made up to one year from the date the Information Circular was filed.

A Beneficial Shareholder may also obtain additional information about the Notice-and-Access Provisions by calling toll-free at 1-888-433-6443.

APPOINTMENT OF PROXIES

Holders of Common Shares of Horizon North ("Shareholder") who wish to be represented at the Horizon North Meeting by proxy must complete and deliver the Instrument of Proxy or other proper form of proxy to AST Trust Company (Canada) in the manner set out in the Instrument of Proxy and described below. Shareholders are entitled to vote on all matters as described in the Instrument of Proxy. Rod Graham and Scott Matson (the management designees named in the accompanying Instrument of Proxy) are officers and/or directors of Horizon North. **A Shareholder has the right to appoint a person (who need not be a Shareholder), other than Rod Graham and Scott Matson to represent such Shareholder at the Horizon North Meeting.** To exercise this right, a Shareholder should insert the name of the other person in the blank space provided on the Instrument of Proxy. Alternatively, a Shareholder may complete another appropriate Instrument of Proxy. Such Shareholder should notify the nominee of the appointment, obtain the nominee's consent to act as proxy and should provide instructions on how the Shareholder's Common Shares are to be voted. The nominee should bring personal identification with him or her to the Horizon North Meeting. An Instrument of Proxy will not be valid unless it is deposited at the offices of AST Trust Company (Canada), Proxy Department, P.O. Box 721, Agincourt, Ontario M1S 0A1, not less than forty-eight (48) hours (excluding Saturdays, Sundays and statutory holidays in the Province of Alberta) before the time of the Horizon North Meeting or any adjournment thereof.

REVOCAION OF PROXIES

A Shareholder who has submitted an Instrument of Proxy may revoke it by an instrument in writing signed by the Shareholder or by an authorized attorney or, if the Shareholder is a corporation, by a duly authorized officer, and deposited either: (i) at the offices of AST Trust Company (Canada), Proxy Department, P.O. Box 721, Agincourt, Ontario M1S 0A1, at any time up to and including the last business day preceding the day of the Horizon North

Meeting or any adjournment thereof; or (ii) with the Chair of the Horizon North Meeting on the day of the Horizon North Meeting or any adjournment thereof. In addition, an Instrument of Proxy may be revoked: (i) by the Shareholder personally attending the Horizon North Meeting and voting the securities represented thereby or, if the Shareholder is a corporation, by a representative of the corporation attending the Horizon North Meeting and voting such securities; or (ii) in any other manner permitted by law.

EXERCISE OF DISCRETION BY PROXYHOLDERS

The persons named in the enclosed Instrument of Proxy will vote the Common Shares of Horizon North in respect of which they are appointed in accordance with the direction of the Shareholders appointing them where voting is by way of a show of hands or by ballot. In the absence of such direction, such Common Shares will be voted, **FOR** the approval of setting the number of directors at eight (8), **FOR** the approval of the election of the nominees hereinafter set forth as directors of Horizon North, and **FOR** the re-appointment of KPMG LLP as auditor of the Corporation. The enclosed Instrument of Proxy confers discretionary authority upon the persons named therein with respect to any amendments or variations in the matters outlined in the accompanying Notice of Meeting or any other business which may properly come before the Horizon North Meeting. The management of the Corporation knows of no such amendments, variations or other business to come before the Horizon North Meeting other than the matters referred to in the Notice of Meeting. However, if any other matters which are not known to management of Horizon North should properly come before the Horizon North Meeting, the Instrument of Proxy given pursuant to the solicitation by management of Horizon North will be voted on such matters in accordance with the best judgment of the persons voting the Instrument of Proxy.

Voting by Internet

Shareholders may use the internet site at www.astvotemyproxy.com to transmit their voting instructions. Shareholders should have the Instrument of Proxy in hand when they access the web site. Shareholders will be prompted to enter their Control Number, which is located on the Instrument of Proxy. If Shareholders wish to vote by internet, your vote must be received not later than 48 hours prior to the time set for the Horizon North Meeting or any adjournment of the Horizon North Meeting. **The website may be used to appoint a proxyholder to attend and vote on a Shareholder's behalf at the Horizon North Meeting and to convey a Shareholder's voting instructions. Please note that if a Shareholder appoints a proxyholder and submits their voting instructions and subsequently wishes to change their appointment, a Shareholder may resubmit their Instrument of Proxy and/or voting direction, prior to the deadline noted above. When resubmitting an Instrument of Proxy, the most recently submitted Instrument of Proxy will be recognized as the only valid one, and all previous proxies submitted will be disregarded and considered as revoked, provided that the last Instrument of Proxy is submitted by the deadline noted above.**

Vote by Telephone

In order to vote by telephone, use any touch-tone telephone to transmit your voting instructions not less than 48 hours before the Horizon North Meeting and any adjournment thereof. Telephone toll-free 1-888-489-5760 and follow the instructions the "Vote Voice" provides you. Have the Instrument of Proxy in hand when you call. You will be prompted to enter your Control Number, which is located on the Instrument of Proxy. The control number is your personal security code and will be used to authenticate your voting instructions. **If you vote by telephone, you cannot appoint anyone other than the person or persons named on the Instrument of Proxy as your proxy holder.**

SIGNING OF THE INSTRUMENT OF PROXY

The Instrument of Proxy must be signed by the Shareholder or his duly appointed attorney authorized in writing or, if the Shareholder is a corporation, by a duly authorized officer. An Instrument of Proxy signed by a person acting as attorney or in some other representative capacity (including a representative of a corporate Shareholder) should indicate that person's capacity (following his signature) and should be accompanied by the appropriate instrument evidencing qualification and authority to act (unless such instrument has been previously filed with Horizon North).

VOTING SHARES AND PRINCIPAL HOLDERS OF SHARES

Voting of Common Shares – General

As at March 15, 2019 (the "**Record Date**"), the Corporation had 164,268,988 Common Shares issued and outstanding each of which carries the right to one vote at meetings of the Shareholders of Horizon North. Only Registered Shareholders as of the close of business on the Record Date are entitled to receive notice of and to vote at the Horizon North Meeting, except to the extent that: (a) the holder has transferred the ownership of any of the holder's Common Shares after the Record Date; and (b) the transferee of those Common Shares produces properly endorsed share certificates, or otherwise establishes that the transferee owns the Common Shares, and demands not later than ten (10) days before the day of the Horizon North Meeting that the transferee's name be included in the list of persons entitled to vote at the Horizon North Meeting, in which case the transferee will be entitled to vote its Common Shares at the Horizon North Meeting.

A quorum of Shareholders is present at a meeting of Shareholders if at least two (2) persons are present together holding or representing not less than five (5%) percent of the Common Shares entitled to be voted at the Horizon North Meeting.

Voting of Common Shares – Notice to Beneficial Shareholders

Only Registered Shareholders, or the persons they appoint as their proxies, are permitted to attend and vote at the Horizon North Meeting. However, in many cases, Common Shares beneficially owned by a Beneficial Shareholder are in the name of a clearing agency (such as CDS Clearing and Depository Services Inc.) that is holding such shares on behalf of an intermediary (an "**Intermediary**") that the Beneficial Shareholder deals with in respect of the Common Shares. Intermediaries include securities dealers, or brokers, trustees or administrators of self-administered RRSPs, RRIFs, RESPs and similar plans.

The purpose of these instructions is to permit Beneficial Shareholders to direct the voting of the Common Shares they beneficially own. Should a Beneficial Shareholder wish to attend and vote at the Horizon North Meeting in person (or have another person attend and vote on behalf of the Beneficial Shareholder), the Beneficial Shareholder should strike out the names of the persons named in the Instrument of Proxy and insert the Beneficial Shareholder's (or such other person's) name in the blank space provided or, in the case of a voting instruction form, follow the corresponding instructions on the form. In either case, Beneficial Shareholders should carefully follow the instructions of their Intermediaries and their service companies.

Only Registered Shareholders have the right to revoke an Instrument of Proxy. Beneficial Shareholders who wish to change their vote must, in sufficient time in advance of the Horizon North Meeting, arrange for their respective Intermediaries to change their vote and if necessary revoke their Instrument of Proxy in accordance with the revocation procedures set above.

FINANCIAL STATEMENTS

At the Horizon North Meeting, the Corporation will present to the Shareholders the audited consolidated financial statements of Horizon North for the financial years ended December 31, 2018, and December 31, 2017 and the Auditors' Report thereon. No vote by the Shareholders with respect to these matters is required. National Instrument 51-102 *Continuous Disclosure Obligations*, ("**NI 51-102**") provides that Horizon North is not required to send annual or interim financial statements or the management's discussion and analysis relating thereto to its Registered and Beneficial Shareholders, unless they request copies of same. However, the *Business Corporations Act* (Alberta) requires that annual financial statements be sent to each Registered Shareholder, unless waived in writing by the Registered Shareholder. NI 51-102 also provides that Horizon North must send annually a request form to its Registered Shareholders and Beneficial Shareholders that may be used by such Shareholders to request any or all of the annual and interim financial statements and the management's discussion and analysis relating thereto. Shareholders are encouraged to review and, if action is desired, send the enclosed return cards to AST Trust Company (Canada), Proxy Department, P.O. Box 700, Station B, Montreal, QC, H3B 3K3.

MATTERS TO BE ACTED UPON AT THE MEETING

1. Number of Directors

Shareholders will be asked to approve an ordinary resolution fixing the number of directors of Horizon North to be elected at the Horizon North Meeting for the ensuing year, at eight (8).

It is the intention of the persons named in the Instrument of Proxy, if not expressly directed otherwise in such Instrument of Proxy, to vote such proxies FOR the ordinary resolution fixing the number of directors to be elected at the Horizon North Meeting at eight (8).

2. Election of Directors

The following persons are proposed to be nominated for election as directors of Horizon North at the Horizon North Meeting. The board of directors of Horizon North (the "**Board**" or "**Board of Directors**") has concluded that each nominee is well qualified to serve on the Board. The nominees have the relevant expertise essential to ensure appropriate strategic direction and oversight. Each director nominee has confirmed his or her eligibility and willingness to serve as a director if elected. All of the directors who are elected will have their terms of office expire at the next annual meeting of Shareholders, or until successors are elected or directors resign.

Majority Voting for Directors

The Board has adopted a majority voting policy for the election of directors ("**Majority Voting Policy**"). The Board believes that each director of Horizon North should carry the confidence and support of its Shareholders. To this end, the Board has unanimously adopted and agreed to comply with the following policy regarding the election of directors.

The form of Instrument of Proxy for use at any meeting of Shareholders where directors are to be elected will enable Shareholders to either: (a) vote in favour; or (b) withhold their Common Shares from being voted in respect of each nominee separately. At the meeting, the Chair will call for a vote by ballot and the scrutineer of the Shareholders' meeting will record, with respect to each nominee, the total number of Common Shares voted in favour and the total number of Common Shares withheld from voting. If, with respect to any nominee, the total number of Common Shares withheld exceeds the total number of Common Shares voted in favour of the nominee, then for purposes of this policy such nominee shall be considered not to have received the support of Shareholders even though duly elected as a matter of corporate law.

Any nominee who is considered under the above test not to have the support of the Shareholders shall, forthwith, submit his or her resignation to the Board to take effect immediately upon acceptance by the Board.

The Board shall decide whether or not to accept the tendered resignation and shall, not later than 90 days after the Shareholders' meeting, issue a news release, a copy of which will also be provided to the Toronto Stock

Exchange (“TSX”), which either confirms that they have accepted the resignation or provides an explanation for why they have refused to accept such resignation. The director tendering his or her resignation will not participate in any meeting of the Board or any sub-committee of the Board at which the resignation is considered.

Subject to any restrictions or requirements contained in applicable corporate law or Horizon North’s constating documents, the Board may: (a) leave a resulting vacancy unfilled until the next annual meeting; (b) appoint a replacement director whom the Board considers merits the confidence of the Shareholders; or (c) call a special meeting of Shareholders to elect a replacement director nominated by management.

The Majority Voting Policy does not apply in respect of any contested Shareholders’ meeting. For purposes hereof, a contested meeting is any meeting of Shareholders at which the number of directors nominated for election is greater than the number of seats available on the Board.

The proposed directors are:

Richard T. Ballantyne	Rod W. Graham	Ann I. Rooney
Bradley P.D. Fedora	Kevin D. Nabholz	Dale E. Tremblay
Mary Garden	Russell A. Newmark	

The following table sets forth for each proposed director: their name, age, municipality, province or state and country of residence; their committee memberships; all positions and offices with Horizon North now held by them, the month and year in which they were first elected a director; other public company board memberships; their principal occupation for at least the last 5 years along with a brief biography; and the number and percentage of Common Shares that they have advised are beneficially owned, controlled or directed by them, directly or indirectly, as of March 15, 2019:

STATEMENT OF EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

Compensation Governance

The Corporate Governance and Compensation Committee is responsible for making recommendations to the Board relating to the compensation of members of the Board, the Chief Executive Officer (“CEO”) and other executive officers. The Corporate Governance and Compensation Committee regularly reviews the compensation practices of comparable companies with a view to aligning Horizon North’s officers and directors with a comparable group median. Directors who are officers of Horizon North receive no additional remuneration for their services as directors.

In particular, the Corporate Governance and Compensation Committee: (i) will review and approve, at least annually, Horizon North’s goals and objectives relevant to the compensation of the CEO and the CEO compensation is based on that review; (ii) will review, at least annually, and recommend to the Board compensation, incentive plans and equity based plans for non-CEO officers and directors, and for other key employees as identified by the CEO and approved by the Corporate Governance and Compensation Committee, and in particular, review and recommend to the Board the annual bonus payments for the CEO and executive officers; and (iii) will review executive compensation disclosure before Horizon North publicly discloses such information.

The objective of Horizon North’s executive compensation program is to attract and retain experienced personnel who are incentivized to continually focus on generating profitable growth of the Corporation’s business. The compensation program is comprised of three elements: (i) annual salary plus benefits; (ii) annual performance bonus; and (iii) equity based compensation. The appropriateness and competitiveness of the Corporation’s executive compensation program is monitored by comparison to a peer group of companies that include the following:

Badger Daylighting Ltd.	Mobile Mini Inc.
Bird Construction Inc.	North American Construction Group Ltd.
Black Diamond Group Ltd.	Strad Energy Services Ltd.
Civeo Corp.	Stuart Olson Inc.
GDI Integrated Facility Services Inc.	Temple Hotels Inc.
Holloway Lodging Corp	TerraVest Industries Inc.
McGrath Rent Corp.	Wall Financial Corp.
Melcor Developments Ltd.	ZCL Composites Inc.

In choosing the peer companies against which the Corporate Governance and Compensation Committee completes its comparative analysis, the Corporate Governance and Compensation Committee selects companies with asset and market values similar to the Corporation. The Corporate Governance and Compensation Committee also consider revenue levels and enterprise values of such companies. The Corporate Governance and Compensation Committee believes these metrics are appropriate for determining peers because they provide a reasonable point of reference for comparing executives with similar positions and responsibilities.

The Corporation retained the services of a compensation consultant, Lane Caputo Compensation Inc. effective September, 2018 to review the compensation philosophy for Horizon North, given its current stage of development, with the final report delivered January, 2019. The competitiveness of the current compensation

arrangements for the executive team and independent directors were evaluated, relative to both the external market and the Corporation’s compensation philosophy. This review encompassed salary, bonus and other types of cash incentives, prevalence and value of equity-based compensation, and executive contracts including severance and change in control provisions. No significant changes were made to the executive compensation structure for 2018.

Horizon North’s executive compensation program is designed to provide financial rewards to executive officers based on measureable financial and operational parameters associated with overall corporate performance. The program also balances annual rewards for achieving financial success year over year with rewards tied to long-term share price performance. As part of its review and discussion of the compensation program, the Corporate Governance and Compensation Committee considers the risks associated with Horizon North’s compensation program and noted the following elements of the Corporation’s business model and its governance and control system that mitigates the risk that the Corporation’s executives will take unnecessary or excessive risk for the sake of enhanced rewards:

- The basic tenet of the Corporation’s business model is that funds are spent to build or buy assets that are used, in conjunction with the Corporation’s labor force, to provide services to customers. The primary risk in this model is that assets are underutilized. All significant investments are reviewed and approved by the Board prior to being undertaken. In addition, growth metrics are balanced with return on investment parameters in the annual bonus program.
- The nature of the Corporation’s business is such that there are very few asset or liability valuation judgments that management has to make. The annual bonus program is based on financial parameters that are cash flow dependent as opposed to being driven by asset or liability valuation judgments.
- The Corporation’s ultimate long-term goal is to generate sustainable share price appreciation. The compensation program recognizes that developing sustainable share price appreciation takes time and thus provides rewards for long-term success to mitigate the risk that short-term, less sustainable actions are taken to enhance immediate share price performance.
- The annual bonus program does not pay out rewards until financial results are confirmed through independently audited financial statements.
- Named Executive Officers (as defined herein) and directors are not permitted to purchase financial instruments that are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by the Named Executive Officer or director.

Named Executive Officers

Securities legislation requires the disclosure of compensation received by each “Named Executive Officer” of the Corporation for the three most recently completed financial years. “**Named Executive Officer**” is defined by the legislation to mean: (i) each of the CEO and Chief Financial Officer (“**CFO**”) of the Corporation, regardless of the amount of compensation of that individual; (ii) each of the Corporation’s three most highly compensated executive officers or individuals acting in a similar capacity, other than the CEO and CFO, who were serving as executive officers at the end of the most recently completed financial year and whose total compensation and bonus exceeds \$150,000; and (iii) any additional individual for whom disclosure would have been provided under (ii) but for the fact that the individual was not serving as an executive officer of the Corporation at the end of the most recently completed financial year end of the Corporation.

An “**executive officer**” is defined by the legislation to mean: (i) the chair of the Corporation; (ii) a vice-chair of the Corporation; (iii) the President of the Corporation; (iv) a vice-president of the Corporation in charge of a principal

business unit, division or function, such as sales, finance or production; or (v) an officer of the Corporation or any of its subsidiaries or any other person who performed a policy-making function in respect of the Corporation.

At the financial year ended December 31, 2018, there were five (5) Named Executive Officers (“NEOs”) of Horizon North consisting of Rod Graham, President and CEO; Scott Matson, Senior Vice President Finance and CFO; Mark Becker, President Industrial Services; Joseph Kiss, President Modular Solutions and Warren Murray, Executive Vice President Strategic Partnerships.

Annual Salaries

Executive salaries are established after giving consideration to individual responsibilities and experience, size and complexity of operations or functions for which they are responsible, and competitive market information. This element provides a fixed level of cash compensation for performing these responsibilities. Salary adjustments consider the individual’s success in their role and competitive market information.

Annual Performance Bonus

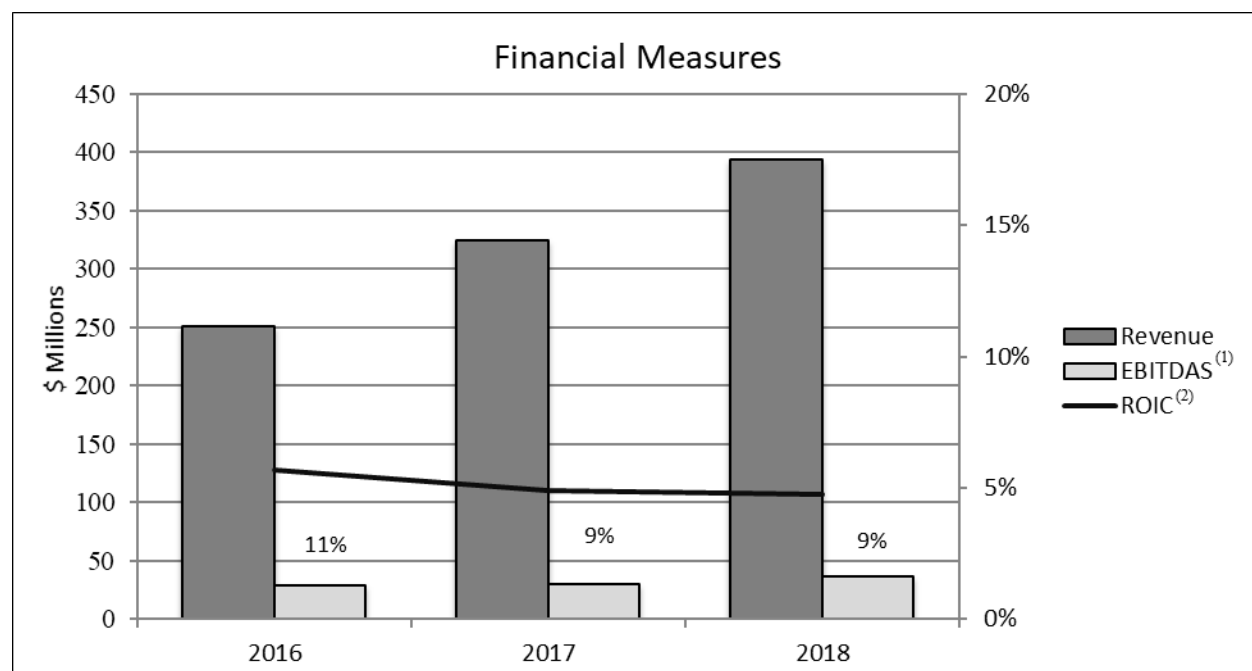

Horizon North’s financial performance for 2018 reflects a significant increase in Modular Solution activity as a result of increased manufacturing capacity to execute the growing backlog of projects. Revenues decreased in the Industrial Services operations with lower equipment sales and an increase in lower margin facility management activity offset by the additional catering-only activity in Camps & Catering operations, and a decrease in mat sale demand offset by the stronger mat rental activity in Rentals & Logistics. Modular Solutions revenues were comprised mainly of commercial projects consisting of several affordable housing projects for government housing agencies in British Columbia. The Modular Solutions business has continued its growth and development of backlog and high-quality opportunities. Ongoing pricing pressure and the overall revenue mix in the Industrial Services operations, and continuous efficiency developments in the Modular Solutions operations, kept EBITDAS growth minimal and as a percentage of revenue unchanged overall. These limited improvements in the Corporation’s revenue, EBITDAS, and operating earnings were reflected in the decision to distribute minimal annual incentive bonuses to the NEOs.

The annual bonus for all NEOs is designed to pay out awards based on the Corporation’s performance for the year. Financial performance is measured by reference to year over year revenue growth, EBITDAS margins, and return on invested capital. Financial success is supported by strong operations, for which a sound measurement is thought to be the Corporation’s safety record.

Revenue growth is measured on a year over year basis, while EBITDAS margins, return on investment and safety performance metrics are compared to specific target ranges. The Board of Directors takes these factors into consideration and ultimately applies a level of subjectivity in determining the bonus calculation for the CEO, which is in turn cascaded down to the NEOs.

Horizon North’s long-term goal is to provide returns to Shareholders through share price appreciation and quarterly dividend payments. In the Board’s view, continued focus on achieving improved annual financial and operational measures should lead to success in consistently achieving the long-term goal.

The following charts illustrate the Corporation's performance with respect to these financial and operational measures as well as the annual performance bonus received by the NEOs.

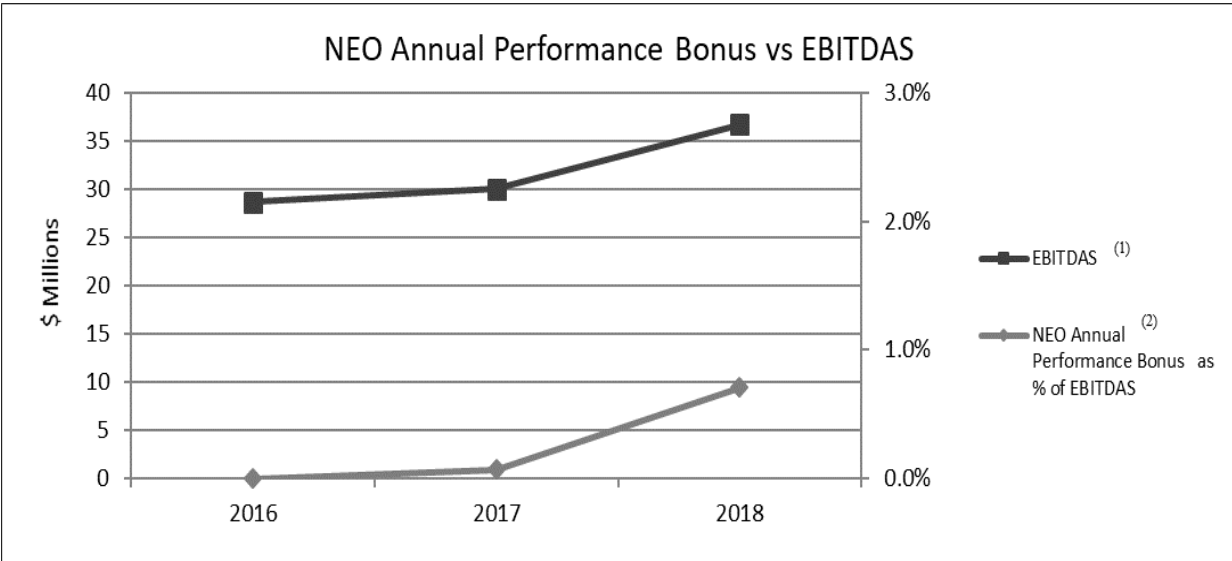

(1) EBITDAS: Earnings before interest, taxes, depreciation, amortization, impairment, gain/loss on disposal of property, plant and equipment, and share based compensation. EBITDAS is not a recognized measure under International Financial Reporting Standards (IFRS). Management believes that in addition to total profit and total comprehensive income, EBITDAS is a useful supplemental earnings measure as it provides an indication of the Corporation's operating performance and it is regularly provided to and reviewed by Horizon North's Chief Operating Decision Maker. Horizon North's method of calculating EBITDAS may differ from other entities and accordingly, EBITDAS may not be comparable to measures used by other entities. EBITDAS is reconciled to its most direct comparable measure in Horizon North's management's discussion and analysis for the three months and years ended December 31, 2018 and 2017.

(2) Return on Invested Capital represents after tax cash flow divided by average Invested Capital for the year; Invested Capital is defined as average of gross property, plant and equipment, other long-term assets, intangibles, and goodwill before any impairment write-downs.

(1) Total Recordable Incident Rate (“TRIR”) is a standard industry measure with respect to safety performance.

(2) NEO Annual Performance Bonus paid to the identified NEOs with respect to each financial year. The NEOs eligible to be compensated by Annual Performance bonus for 2018 included Rod Graham, President and CEO; Scott Matson, Senior Vice President Finance and CFO; Joseph Kiss, President Modular Solutions; Mark Becker, President Industrial Services; and Warren Murray, Executive Vice President Strategic Partnerships. The NEOs for 2017 were Rod Graham, President and CEO; Scott Matson, Senior Vice President Finance and CFO; Warren Murray, Senior Vice President Camps & Catering; Joseph Kiss, Senior Vice President Modular Solutions; and Mike Hammerschmidt, Vice President Rentals & Logistics. The NEOs for 2016 were Rod Graham, President and CEO; Scott Matson, Senior Vice President Finance and CFO; Warren Murray, Senior Vice President Camps & Catering; Kapul Gill, Vice President Manufacturing; and Mike Hammerschmidt, Vice President Rentals & Logistics.

Due to ongoing challenging economic conditions in the Industrial Services operations and early stage development of Modular Solutions operations, financial measures were not satisfactorily improved by reference to year over year revenue growth, EBITDAS margins, or return on invested capital. Safety performance year over year

decreased slightly, although a TRIR measure <1 is a significant achievement. As a result of these factors, minimal bonuses were paid to NEOs for 2018.

Equity Based Compensation

Horizon North continues to employ a “pay-for-performance philosophy” whereby fixed elements of pay are positioned at market median levels and short and longer-term incentives are structured to provide above-market total compensation for high levels of performance. Horizon North has taken a portfolio approach to long-term incentives by mixing restricted share units (“RSUs”) in with options to purchase Common Shares (“Options”). At Horizon North, a combination of RSUs and Options will be used to attain a market-competitive total direct compensation program.

Stock Option Plan

The Stock Option Plan permits the granting of Options to the directors, officers, employees and other eligible service providers of the Corporation and its subsidiaries for the purpose of providing directors, officers, employees and other eligible service providers with an incentive to achieve the longer-term objectives of the Corporation; to give suitable recognition to the ability and industry of such persons who contribute materially to the success of the Corporation; and to attract and retain in the employ of the Corporation or any of its subsidiaries, persons of experience and ability by providing them with the opportunity to acquire an increased proprietary interest in the Corporation.

The Board views Options as an effective incentive to balance senior management’s focus between short-term operating performance and profitable, long-term growth, which should translate into share price appreciation for the benefit of Shareholders. With Option grants vesting over time, they also serve as an effective employee retention tool. Despite the dilutive aspect of Options, they do directly align the interests of management and Shareholders as the benefits derived from Options parallel the benefits realized by Shareholders through share price appreciation. Options provide the potential for long-term rewards and above-average total compensation, provided Horizon North’s financial and operating results lead to the enhancement of shareholder value.

Awards of Options are made from time to time to participants at varying levels consistent with the individual’s position and responsibility. The process that the Corporation uses to grant Option-based awards to executive officers, including the NEOs, and the factors that are taken into account when considering new grants under the Stock Option Plan, is based upon a number of criteria, including the performance of the executive officers, the number of Options available for grant under the Stock Option Plan, the number of Options anticipated to be required to meet the future needs of the Corporation, as well as the number of Options previously granted to each of the NEOs. It is the full Board, as opposed to the Corporate Governance and Compensation Committee, which determines the need for any amendments to the Stock Option Plan and it is the full Board which determines the number of Option grants to be made under the Stock Option Plan. The CEO provides input and recommendations to the Board regarding the granting of Options, from time to time. The CEO in turn, and where appropriate, also obtains input from other executive officers of the Corporation when providing his input and recommendations. Other than as set out immediately above, the grant of option-based awards is not determined based on benchmarks, performance goals or a specific formula. The term and other provisions of the Options are subject to the terms of the Stock Option Plan.

Since the inception of the Stock Option Plan there has been no financial assistance provided by Horizon North to any participant under the Stock Option Plan to facilitate the purchase of Common Shares under the Stock Option Plan.

As of March 15, 2019: (i) the Corporation has issued under the Stock Option Plan, Options pursuant to which 9,642,926 Common Shares are issuable which represents 5.87% of the currently outstanding Common Shares; and (ii) there remains for issuance under the Stock Option Plan, Options pursuant to which 6,783,973 Common Shares, which represents 4.13% of the issued and outstanding Common Shares, may be issued which represent together with the outstanding Options, 10.0% of the currently outstanding Common Shares.

The Stock Option Plan provides that the aggregate number of Common Shares issuable pursuant to Options

granted under the Stock Option Plan and under any other security based compensation arrangement, if any, and issued to insiders within any one year period and, issuable to insiders, shall in either case, not exceed 10% of the issued and outstanding Common Shares at the time of the grant of any stock option. In addition, the Stock Option Plan provides that the maximum number of Common Shares issuable pursuant to Options granted shall not exceed 10% of the aggregate number of issued and outstanding Common Shares. No Options shall be granted to any director of the Corporation who is not also an officer of the Corporation if such grant could result, at any time, in the total number of Common Shares issuable to all directors of the Corporation who are not also officers of the Corporation pursuant to Options exceeding 0.50% of the issued and outstanding Common Shares of the Corporation. The Stock Option Plan provides for the exercise price to be determined by the Board provided that the exercise price of the Options may not be less than the closing price of the Common Shares on the TSX on the last business day preceding the date of grant. Options granted under the Stock Option Plan will be for a term of no longer than ten years after granting of an Option. With the exception of initial grants of Options to directors and officers at July 25, 2006 which vested in one-third amounts over the first three years of the 10 year term, the majority of the Options granted since then have been granted so as to vest in equal one-third amounts over the first three years of the five year term thereof. Participation in the Stock Option Plan is voluntary. In order to constitute a valid Option under the Stock Option Plan, the participant and the Corporation must enter into a valid Option agreement in a form acceptable to the Board. The interest of any optionee under the Stock Option Plan is not transferable or alienable by the optionee either by assignment or in any manner, except to a "permitted assign". For the purposes hereof "permitted assign" means for such optionee: a trustee, custodian or administrator acting on behalf, or for the benefit, of the optionee; a holding entity of the optionee; a registered retirement savings plan ("RRSP") or registered retirement income fund ("RRIF") of the optionee, as such terms are defined in the *Income Tax Act* (Canada); a spouse of the optionee; a trustee, custodian or administrator acting on behalf, or for the benefit, of the spouse of the optionee; a holding entity of the spouse of the optionee; or an RRSP or RRIF of the spouse of the optionee. With respect to the termination of options, unless specifically amended or otherwise dealt with in a stock option agreement: (a) in the case of death of an optionee, the right to exercise an Option shall extend to the earlier of (i) one year after the date of death or (ii) the expiry date of the Option set forth in the stock option agreement, to the extent such Option was exercisable by the optionee on the date of death of the optionee; and (b) in the case of termination or cessation of employment of an optionee (who is not a consultant) for any reason (other than death) or, in the case of a consultant, upon cessation of the services agreement the right to exercise an Option shall be limited to and shall expire on the earlier of 60 days after the date of termination or cessation (in the case of an optionee who is not a consultant) and from the final service date (in the case of an optionee who is a consultant), or the expiry date of the Option set forth in the stock option agreement, to the extent such Option was exercisable by optionee on the date of termination of such employment or final service date, as the case may be.

In the event of any change in the Common Shares through subdivision, consolidation, reclassification, amalgamation, and merger or otherwise or in the event of any other change in the Common Shares, the Board may proportionately adjust the number of Common Shares that may be issued under existing Option agreements.

The Stock Option Plan also provides for the extension of the expiry date of any Option which would otherwise expire during a "black-out period" until the fifth business day following the expiry of the blackout period, provided that such extended expiration date shall not in any event be beyond the later of (i) December 31 of the calendar year in which the option was otherwise due to expire; and (ii) the 15th day of the third month following the month in which the Option was otherwise due to expire. The Stock Option Plan also provides that the Board may, in its sole discretion and without further approval of the Shareholders, amend, suspend, terminate or discontinue the Stock Option Plan and may amend the terms and conditions of Options granted under the Stock Option Plan, subject to any required approval of any regulatory authority or the TSX. Subject to any required regulatory approval of any regulatory authority or stock exchange, the Board may at any time alter, amend or vary the Stock Option Plan without the approval of the Shareholders if the alteration, amendment or variance does not: (a) increase the number of shares that can be issued under the Stock Option Plan; (b) reduce the exercise price of an outstanding option except for the normal anti-dilution provisions whereby option values are maintained in connection with a subdivision, consolidation, conversion, reclassification, re-division or re-designation of Common Shares or a reorganization, amalgamation, consolidation, merger, takeover bid or similar transaction involving Horizon North; (c) extend the expiry date of an outstanding Option or amend the Stock Option Plan to permit the grant of an Option with an expiry date of more than 10 years from the grant date (except where an expiry date would have fallen within a blackout period of the Corporation); (d) allow for the transfer of Options, except if the

transfer is to an entity controlled by the Option holder, a charity or for estate planning or estate settlement purposes; (e) expand the categories of individuals eligible to participate in the Stock Option Plan; or (f) amend the Stock Option Plan to provide for other types of compensation through equity issuance.

The following amendments to the Stock Option Plan were approved by the Shareholders on May 4, 2017:

- (a) the inclusion of a limit on the number of Common Shares issuable pursuant to Options granted under the Stock Option Plan to any non-employee director, within any calendar year, of \$100,000, as calculated on the date of grant, and a limit on the number of Common Shares reserved for issuance under all security based compensation arrangements of the Corporation issued to any non-employee director, within any calendar year, of \$150,000, as calculated on the date of grant;
- (b) the imposition of additional limits on the transferability of Options granted under the Stock Option Plan such that Options will not be transferable or assignable and may not be made subject to execution, attachment or similar process, other than for normal estate settlement purposes or by operation of law and such that during the lifetime of an optionee, an Option will be exercisable only by the optionee and any elections with respect to an Option may be made only by the optionee;
- (c) the inclusion of a requirement that approval of the Shareholders will be required for amendments to the Option Plan which result in: (i) any increase in the number of Common Shares issuable under the Stock Option Plan or the number of unissued Common Shares that may be subject to Options granted to optionees under the Stock Option Plan; (ii) any amendments which reduce the exercise price of an Option or any cancellation and reissuance of an Option; (iii) any amendment that extends the term of an Option beyond its original Option Period; (iv) any amendments to eligible participants that may permit the introduction or reintroduction of non-employee directors on a discretionary basis or amendments that increase limits previously imposed on non-employee director participation; (v) any amendment with would permit Options granted under the Option Plan to be transferable or assignable other than for normal estate settlement purposes; (vi) any amendments to the amendment and termination provisions of the Stock Option Plan; and (vii) amendments required to be approved by Shareholders under applicable law (including, without limitation, the rules, regulations and policies required by any relevant stock exchange);
- (d) the addition of a “clawback” provision which permits the Board to seek reimbursement of Options awarded to an officer of the Corporation pursuant to the Option Plan and any Common Shares issued upon exercise thereon, where: (i) the payment of such compensation was predicated on achieving certain financial results that were subsequently the subject of a substantial restatement of the Corporation’s financial statements filed with any securities regulatory authority; and (ii) the Board, in its discretion, determines that the officer engaged in gross negligence, intentional misconduct or fraud that caused or partially caused the need for the restatement; and
- (e) the addition of provisions relating to tax withholdings required upon exercise of Options.

The Stock Option Plan burn rate is expressed as a percentage and is calculated in accordance with Section 316(p) of the TSX Company Manual, by dividing: (i) the number of securities granted under the Stock Option Plan during the applicable fiscal year; by (ii) the weighted average number of securities outstanding for the applicable fiscal year. The Stock Option Plan is not subject to a multiplier that may increase the number of shares to be issued on settlement based on performance or any other measure.

Restricted Share Units

The Board approved a cash-based restricted share unit plan (the “**RSU Plan**”) on May 5, 2016 which governs the issuance of non-assignable and non-transferrable RSUs of the Corporation. Directors, officers and employees of the Corporation and its subsidiaries are eligible to participate in the RSU Plan.

RSUs are notional shares that have the same value at any given time as the Common Shares, but do not entitle the participant to any shareholder rights, including without limitation, voting rights, dividend entitlement or rights on liquidation and are non-dilutive to Shareholders. The RSUs vest no later than the date that is the third anniversary of the end of the calendar year in which the services were performed in which the grant of RSUs relates. Vesting provisions for RSUs shall be fixed by the Board and the Board may at any time shorten the vesting period of all or part of any RSU award. In the event of a change of control, the Board may amend the terms of the issued RSUs to permit vesting prior to the completion of the change of control.

Each RSU has a payout value equal to the closing price of the Common Shares as of the date immediately preceding the applicable payout date, less any applicable withholding taxes. The payout date for issued RSUs is as soon as reasonably practicable after the vesting date.

The maximum value of RSUs granted to any one non-employee director within any one year period, when aggregated with the securities granted under all security based compensation arrangements of the Corporation to the non-employee director during such period, shall not exceed \$150,000, as calculated based on a fair value basis of the RSUs on the date of grant.

The RSU Plan burn rate is expressed as a percentage and is calculated by dividing: (i) the number of securities granted under the RSU Plan during the applicable fiscal year; by (ii) the weighted average number of securities outstanding for the applicable fiscal year. The RSU Plan is not subject to a multiplier that may increase the number of shares to be valued on settlement based on performance or any other measure.

Share Price Performance Graph in Relation to Executive Compensation

Horizon North compensates its NEOs through annual salary, annual performance bonus and equity based compensation. - (1) RSUs are granted from time to time in accordance with the Corporation's RSU Plan. The fair market value for the RSU grant to the NEOs in 2018 is based on \$2.98 (and \$1.97 for Mr. Graham and \$2.44 for Mr. Becker), in 2017 is based on \$1.47 and in 2016 is based on \$1.69 (and \$1.83 for Mr. Kiss), which was the closing price of the Common Shares on the TSX on the date of the respective RSU grants. RSUs vest equally over three years, the actual value realized upon the future vesting and payment of such awards may be greater or less than the grant date fair value indicated.
- (2) The value to the recipient of any Option grant is Nil on the grant date as the exercise price of the Option is equal or greater than the market value of the underlying Common Share. The value, if any, ultimately received by an Option holder as compensation is equal to the difference between the fair value of the underlying Common Share on the date the Option is exercised and the exercise price of the Option. This amount is also equal to the value forgone by the Corporation when it issues a Common Share on exercise of an Option at a price that is less than the prevailing market price.
The fair value of the Options granted annually is obtained by multiplying the number of Options granted by their value established according to the Black Scholes model. This value was determined using the following assumptions: dividend yields of 2.7% to 5.2%; expected average volatilities of 40.40% to 61.11%; average risk-free rates of interest of 1.72% to 2.39%; average forfeiture rate of 8.83% to 9.35%; and average expected life of option of three years.
- (3) See "Annual Performance Bonus".
- (4) Refers to all non-equity incentive plan compensation related to a period longer than one year. No non-equity long-term incentives awarded to any NEOs during the financial year ended 2018.
- (5) Unless otherwise noted, the value of perquisites and benefits for each NEO is less than \$50,000 and less than 10% of each NEO's total salary for the financial year ended December 31, 2018.
- (6) Mr. Matson was appointed Senior Vice President Finance and Chief Financial Officer on July 28, 2015. Previously, Mr. Matson held the role of Vice President Finance and Chief Financial Officer.
- (7) Mr. Becker joined Horizon North on August 22, 2018, with an annual salary of \$350,000.
- (8) Mr. Kiss joined Horizon North on December 5, 2016 as Senior Vice President Modular Solutions. Mr. Kiss was appointed President Modular Solutions on August 22, 2018, with an annual salary increase to \$280,000

(1) Includes retainers, which are inclusive of meeting fees, and travel allowance, if requested.

(2) RSUs are granted from time to time in accordance with the Corporation’s RSU Plan. The fair market value for the RSU grant to the non-management directors in 2018 is based on \$2.98, which was the closing price of the Common Shares on the TSX on the date of the RSU grant. RSUs vest equally over three years, the actual value realized upon the future vesting and payment of such awards may be greater or less than the grant date fair value indicated.

(3) The value of the recipient of any Option grant is Nil on the grant date as the exercise price of the Option is equal to or greater than the market value of the underlying Common Share. The value, if any, ultimately received by an Option holder as compensation is equal to the difference between the fair value of the underlying Common Share on the date the Option is exercised and the exercise price of the Option. This amount is also equal to the value forgone by the Corporation when it issues a Common Share on exercise of an Option at a price that is less than the prevailing market price.

The fair value of the Options granted annually is obtained by multiplying the number of Options granted by their value established according to the Black Scholes model. This value was determined using the following assumptions: dividend yields of 2.7% to 5.2%; expected average volatilities of 40.40% to 61.11%; average risk-free rates of interest of 1.72% to 2.39%; average forfeiture rate of 8.83% to 9.35%; and average expected life of option of three years.

Minimum Share Ownership for Non-Management Directors

The Board believes that the economic interests of non-management directors of the Corporation should be aligned with those of Shareholders. To achieve this, the Board has approved minimum share ownership guidelines for the non-management directors which provide that each non-management director is required to own stock in the Corporation equivalent to three times the base annual retainer paid to such director within a prescribed period. Effective January 1, 2017, the Board approved a base annual retainer of \$25,000 be paid to each non-management director. Each non-management director has until the date that is three years from date such director was elected or appointed, to own stock in the Corporation with a value of \$75,000 of market value or cost of purchase.
